## Winter Meetings Start Early!

### Klamath Basin Onion Grower Meeting

Wednesday, November 28, 2007

9:00am—Noon

University of California

Intermountain Research and Extension Center—Tulelake, CA

University Farm Advisor and Center Director, Harry Carlson will present the results of last year's onion research on the Center. Results from experiments on white rot disease control, weed control with chemigation, and corn seed maggot control will be presented. Following the presentations there will be a question and answer session which will lead to open discussion of next year's research needs and priorities. Discussion will also include possible new pesticide registrations and State support for grower testing of white rot control products. All onion growers and anyone interested in onion production in the Tulelake area are invited to attend.

### Klamath Basin Mint Grower Meeting

Thursday, December 13, 2007

9:00am—Noon

University of California

Intermountain Research and Extension Center—Tulelake, CA

Join University Farm Advisor and Center Director, Harry Carlson and special guest Catharine Anderson of the USDA Risk Management in discussion of new crop insurance program available for peppermint crops. Director Carlson will also present the results of 2007 local research and facilitate discussion on plans and needs for the 2008 crop. All peppermint growers and anyone interested in mint production in the Tulelake area are invited to attend.
